## Academic Degree

After the successful completion of all exams and programme requirements, doctoral students are awarded the internationally recognised highest academic degree on behalf of all partner universities.

The International Joint Cross-Border PhD Programme in International Economic Relations and Management was submitted to the Agency for Quality Assurance and Accreditation Austria (AQ) in accordance with § 27 para. 1 and registered by the AQ in accordance with § 27 para. 6 HS-QSG. The registration of the programme in accordance with § 27 para. 6 HS-QSG does not ascertain equivalence with Austrian study programmes and similar Austrian academic degrees. Graduates awarded with an academic degree from Hungary, Slovakia or Croatia are entitled to use it in accordance with § 88 para. 1 of the 2002 law governing universities. The academic degrees jointly awarded by the participating universities are therefore recognised foreign degrees in Austria and may be used in official documents in accordance with § 88 para. 1a of the 2002 law governing universities.

### International Joint Cross-Border PhD Programme

in International Economic Relations and Management

University Sopron  
University of Economics Bratislava  
University Juraj Dobrila Pula  
University North  
UAS Burgenland

The **International Joint Cross-Border PhD Programme in International Relations and Management** is a unique cross-border doctoral programme, set up in co-operation with Central and Eastern European Universities. At the time of publication, the partner institutions are the University of Bratislava, the University of Sopron, the University of Pula and the University North, Varaždin. The programme is comparable to leading cross-border doctoral programmes within the EU in terms of structure and organisation. On behalf of all partner universities the International Economic Joint Cross-Border PhD Programme in International Relations and Management is organized and administered by the Consortium of the partner universities in collaboration with the University of Applied Sciences Burgenland (UAS Burgenland), Eisenstadt, Austria. All partner universities are long-established, state-run universities entitled to award doctoral and post-doctoral degrees and qualifications.

## Consortium members

## Fachhochschule Burgenland

### UNIVERSITY OF APPLIED SCIENCES BURGENLAND. UNITING THE EXCEPTIONAL.

The University of Applied Sciences Burgenland's (FH Burgenland) two campuses in Eisenstadt and Pinkafeld offer bachelor and master programmes in five departments:

- **International Business Relations (focusing on Central and Eastern Europe)**
- **Information Technology & Information Management**
- **Social Work**
- **Energy & Environmental Management**
- **Health**

### Exceptional Growth

A unique community of teaching staff (from the respective fields) accompanies and supports leaders of the future along their path to success – a path characterized by interculturalism, regionality, research and innovation.

### A Lifelong Network

More than 6,500 students have graduated from FH Burgenland; upon graduation they have received a diploma authorizing them to bear an academic title as well as a positive outlook for their future career.

## The Campus in Eisenstadt

With approximately 10,000 square meters of space, the Eisenstadt campus offers both auditoriums and classrooms of various sizes, plus a well-stocked library to facilitate studies. On-campus instruction is further enhanced by research in the media lab or in the market research labs. Common areas allow for short breaks and interaction with other students. A dormitory and cafeteria are located on the campus; parking is located in front of the university building. A fitness studio, stores and restaurants are within walking distance.
