IDW- Evaluation of Foreign Credentials

What is credential or diploma evaluation?

You earned your diploma in another country and want to work or continue your studies in the Netherlands. Or you work for an organization that is regularly confronted with foreign diplomas. In any case, you need to know what a particular credential is worth in terms of the Dutch system.

In the Netherlands, two centres of expertise work together on evaluating foreign diplomas (IDW): Nuffic and Colo. Last year they set up an Information Centre for Credential Evaluation (IcDW). This site is the virtual window for IDW.

How can we help you?
