

E-PLATFORM

DIGITAL ASSESSMENT MANAGEMENT SYSTEM

AIMS OF THE E-PLATFORM

Support

Decreased administrative burden and eliminated paperwork

Trustworthy public information on higher education

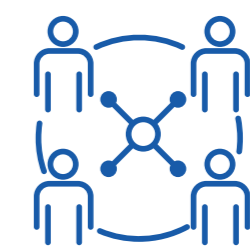

FUTURE VISION

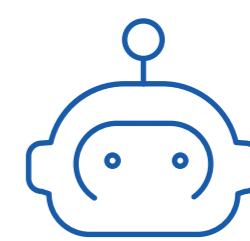

Full support for cyclical institutional accreditation

Support for compliance and quality assessments and decision-making, as well as other elements of the new quality assurance model

Integration with national systems

Further data exchange with the State Education Information System and others

AI agent integration

Data analysis for appropriate AI solutions that would optimise the workload

E-PLATFORM

PROCESS MANAGEMENT SYSTEM FOR QUALITY ASSESSMENT
