

# NAQA Information and Communication System (ICS)

## NAQA ICS

publicly available platform, created to digitalise document processing during the study programme accreditation procedure, that automates all stages of accreditation and ensures transparent communication with HEIs, experts, and Sectoral Expert Councils (SECs).

## Module 1. Schedule

Accreditation schedule for the relevant academic year

HEI's notifications of intentions to accredit the study programme

Free access to view the current accreditation schedule

## Module 2. Accreditation

15 000+ accreditation cases

Keeping stakeholders informed on the accreditation case status throughout every stage of the review process

100% electronic document management

- Self-assessment report
- Site visit programme
  - Expert panel's (EP's) requests
  - External evaluation report
    - SEC's expert opinion
    - HEI's responds to EP & SEC
    - NAQA decision

Feedback

Opportunity to respond to the external evaluation report for the HEI and the SEC's expert opinion draft for the HEI and the EP

Transparency

Expert Panel's requests and HEI's responses exclusively through the ICS

## Module 3. Public Access

Opportunity for all stakeholders to review the materials of any accreditation case for which a decision has been made.

The screenshot displays the public access interface of the NAQA ICS. A 'Data filtering options' panel is overlaid on a table of accreditation cases. The table has columns for ID, Номер АС, ID програми в ЄДЕБО, and Назва університету. The filtering panel includes fields for SP's ID, AC's ID, and SP's USEDE ID, as well as dropdown menus for Higher Education Level, Field of Study, Speciality, Sectoral Expert Council, Higher Education Institution, and Status. A date picker is provided for the Date of the NAQA Board Meeting. Buttons for 'Відмінити', 'Очистити фільтр', and 'Застосувати' are at the bottom of the panel. A QR code and the URL 'public.naqa.gov.ua' are located in the bottom right corner.
